Missoula County Commissioners,

My name is Alex P. Apostle and I am writing this letter in support of the Exposition Multi-Purpose Facility for the city of Missoula. As the Superintendent of Missoula County Public Schools, my support for this endeavor is with out any reservation whatsoever.

I believe that this facility would be of benefit not only to the city of Missoula but would also be a benefit to the state of Montana. Missoula, as you know, is a vibrant and spirited community that has great appeal to all throughout our county and state.

A facility such as this would benefit all venues, from sporting events to the arts. This in turn would provide economic stimulus to our area and through this endeavor, invigorate all aspects of our great community.

The Missoula County Public Schools would also utilize and benefit from this facility especially in terms of the arts and other important activities that require large venue space.

Please support us in this very important project. Missoula is at a pivotal point in its economic development. This project will have amazing impact with your support.

Sincerely,

A handwritten signature in cursive script that reads "Alex P. Apostle".
